Reviews

Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).
(Pasquale Larkin I)

AUSTRAL ANOMALIES, VOLUME 6: LOVE POEMS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English. Brand new Book. The fifteen poems in this volume are about love, perhaps the most common and popular theme in poetry. Romantic love is a motivating force, a source of comfort and pain, and much, much more besides. Indeed, it is the very subtlety and diversity of love's manifestations that have, I suspect, deterred me from writing on the topic more often. And then there are the negative aspects of romance which one feels almost guilty to mention (although I do in a few of the poems here). Only a few aspects of this complex web of emotion are covered by these poems, but they do signpost a lifelong journey of discovery of what love means.
